WELCOME

BBS Group is a Consultancy Company, has been assisting clients throughout the world for more than thirty years. BBS is part of A. Shah Group, backed by many International companies in the field of Oil & Gas Industry, Power Plants, Cement Industry, and Commercial Trade. We Provide Project Funding and Financial Services embedded with sound advisory services and guidance to our valued clients. BBS Group is at your disposal to establish long lasting commercial relationship with your organization.

BBS Group provides independent advice and solution on complex business problems at senior levels in the public and private sectors. We take a hands-on role to make sure solutions are not only conceived, but also delivered with genuine benefits. We have been active as consulting company, engineering partners for industrial clients, and for private investors for over quarter century. Clarity offers exciting, challenging, and rewarding project-based corporate consulting engagements to the most qualified professionals. We abide by our own high standard of ethics and conduct business. We support our clients by cutting through complexity to deliver results. We plan, design and deliver solutions that result in real value through releasing potential efficiency gains from implementation of organizational and ICT enabled business change.

MAJOR ADVANTAGES WITH BBS & GROUP

Strategic Assessment at the Project conceptualization Stage, Planning factors not before considered as economically vital by most developers are thoroughly integrated into the extensive regional area planning and risk analysis. Generating Investment from Additional Sources, BBS Group employs an extensive proprietary data base to find and attract global conventional investor sources as well as international non-conventional sources from the Private, Public Sector to fund the projects.

BBS Group Financial Engineering Approach, Most Private-Source Financing is not "Private" – Because of Any Illegal or Criminal Origin of Funds, BBS Group Bringing Together the Best Private Financing Sources in the World.
